HSC and Senior School Achievements 2024

The Scots College
Sydney Australia

Our 2024 HSC Achievers

Dear College Community

It was wonderful to be able to celebrate the achievements of our Class of 2024 at the Middle School and Senior School Speech Day and the Year 12 Formal in recent weeks. Today, I am pleased to be presenting our HSC and Senior School Achievements 2024 highlights package.

Across all areas of College life – Academic, Co-Curricular and Sport, this year group has performed incredibly well. Of course, true success is not only measured by marks, victories or status. True success is concerned with the kind of person one becomes and the positive impact one makes in the world. I am confident that these young men have a firm foundation in which to continue to learn, lead and serve in their communities, workplaces and families.

These achievements would not be possible without the hard work, dedication and support of our staff, parents and broader community. Most importantly, this would not be possible without the effort, teamwork and determination of the 2024 Year 12 cohort.

At The Scots College, we value The Quest for Excellence and Leadership Through Teams. There are many boys whose names and images do not appear in this publication who have achieved personal and team excellence by serving in the Chapel choir, playing in a sporting team, achieving a rank in Cadets or working very diligently to get their best ATAR. Congratulations, you are all part of this story of excellence.

Scots to the fore!

Dr Ian PM Lambert
Principal

HSC 2024 – Highlights

Most Improved Scots' Courses from 2023 to 2024

The following courses have seen significant improvements in the combined number of Bands 5 and 6 awarded to Scots boys compared to the previous year.

“ Despite their smaller size, this group has left an indelible mark, achieving remarkable success across all areas of College life.

12

The number of boys who earned their Gold Duke of Edinburgh's Award.

Outstanding Achievements

Premier's All-round Achievers

To be selected on the Premier's List, a student must achieve a Band 6 in at least ten units of study. For most students, this means achieving at the highest level in all of their selected subjects.

Outstanding Pathways

Hugo Fayyad

Flying to New Heights

Hugo Fayyad made a front-foot decision in 2023 to combine his HSC pathway with pursuing his ambition to become a pilot. Hugo began his provisional pilot licence, giving him both practical work experience in his chosen profession and an advantage in completing his qualification whilst completing his HSC.

Hugo recognised that taking a non-ATAR pathway in Year 12 might be seen by some as a risk, but insisted “For me, it was absolutely the right choice. The Applied Entrepreneurship Program allowed me to take ownership of my studies through its flexible curriculum, learning about the things I wanted to know and understand rather than studying for a one-size-fits-all examination. I got to immediately apply my knowledge in authentic, real-life work scenarios. It was a win-win for me.”

Hugo is now in the final stages of completing his pilot’s licence whilst exploring opportunities to study at a university in the United States.

Felix Pal

Lob Shot into International Pools

Captain of Water Polo and Athletics Association of the Great Public Schools (AAGPS) Premiership, Felix Pal, earned a coveted spot as one of the top 15 players in the nation for Water Polo. In July, he competed in the World Aquatics Men’s Under 18 Water Polo Championships 2024 in Buenos Aires, Argentina. For 12 months, Felix immersed himself in numerous training camps and national tournaments where he competed against some of the best athletes for selection into this team. These tournaments had squads of over 40 players which were, eventually, reduced to the top 15 players in Australia.

Felix remained steadfast in his perseverance and commitment to excellence. This achievement brings immense pride to his team as well as the College community. Ever the humble sportsman, Felix thanks the Water Polo staff at Scots for their guidance and assistance he received during the Scots Water Polo program. Felix has received acceptance into Harvard University and the College community is excited to follow his achievements on the international stage.

Deuchar Taylor

Inspiring Through Arts and Leadership

Deuchar Taylor epitomised creativity, leadership and versatility throughout his HSC year, excelling as the esteemed Captain of Music and Deputy Head Prefect at Scots. He was a prominent leader in both Drama and Sport. As a dynamic percussionist, he excelled in orchestral timpani, marimba, auxiliary percussion and jazz drumming. His performances with Big Band 1, the College Symphony Orchestra and the Robinson Wind Ensemble left audiences spellbound. Deuchar’s artistic mastery extended beyond Music and into the theatre, where he was also a gifted Drama student. Deuchar earned the rare distinction of dual HSC OnSTAGE nominations for his outstanding Individual Drama Performance, *La Bête* and the engaging Group Performance, *Boys, Beers, Chicks*.

In Sport, Deuchar demonstrated leadership as the Captain of the 4th XV Rugby team and was pivotal in establishing The Scots College Golf program in 2023 and 2024. As Deputy Head Prefect, he exemplified calm strength and unwavering integrity, inspiring student morale, mentoring Year 7 students and leading with distinction at key events.

In 2025, Deuchar plans to pursue a Bachelor of Philosophy, Politics and Economics at the Australian National University while residing at John XXIII College, continuing his legacy of excellence and ambition.

From the Staff

To the Class of 2024, your journey through Co-Curricular activities has been a testament to your dedication, teamwork and resilience. These experiences have shaped your character and equipped you with skills that will guide you in the years to come. Take pride in all you have achieved and let your commitment to excellence continue to guide your future endeavours. As you graduate from Scots, may the values and lessons learned here continue to inspire and empower you in all that lies ahead.

Ms Jeannae Bierstedt

Director of Co-Curricular (7-12)

The Class of 2024 demonstrated exceptional leadership and musical talent within the College community. As leaders in both large ensembles and their own groups, the boys motivated the younger boys to strive for higher levels of excellence. Ably led by the Captain of Music, Deuchar Taylor, Year 12 were involved in all aspects of music making. They had leading roles and provided a solid and supportive rhythm section. Their passion for music fuelled their drive, inspiring one another to reach new heights. I commend the boys for their accomplishments, final results and the profound cultural influence they have had on the College.

Mr Eric Hutchens

Master In Charge of Music (10-12)

Congratulations to the Class of 2024! You have navigated challenges, grown as individuals and supported one another in remarkable ways. Your achievements reflect not just Academic excellence but also resilience, character and heart. While not every success is celebrated on a stage, every step forward matters and we commend each of you for your efforts. Your leadership and camaraderie have left a lasting impression, revitalising the spirit of the Senior School and inspiring collaboration among your peers. Your legacy will continue to shape the community you have been such an integral part of.

As you step into the next phase of life, carry forward the lessons, friendships and values that have defined your journey. The future is bright and it is yours for the taking!

Ms Tania Lloyd

Head of Academic Administration

We bid farewell to one of our most closely bonded Year 12 Boarding cohorts, a group whose friendships have been nurtured since many of them joined the College in Year 7. Despite their smaller size, this group has left an indelible mark, achieving remarkable success across all areas of College life. Their camaraderie, commitment and leadership have set an inspiring example for the younger Boarders. A special congratulations to our leaders, Head Boarder Prefect, Charles Barber (Aspinall) and the dedicated Boarding House Captains, Jack Pinn (Aspinall), Jack Oehm (Fairfax), Geoffrey Hughes (Kirkland) and Max Deal (Royle), whose guidance and contributions have exemplified the spirit of Boarding at Scots.

Mr Justin McInnes

Director of Boarding

Congratulations on an outstanding final year at The Scots College. You have been exemplars of our Brave Hearts Bold Minds values, approaching your studies, Co-Curricular activities and sporting commitments with excellence, determination and teamwork. Your remarkable achievements have set a high standard for those who will follow, making you one of the most successful cohorts in our history.

Thank you to our dedicated teachers, supportive parents and carers and the College community for guiding and encouraging this exceptional group. Graduates, we are incredibly proud of you and wish you every success as you embark on your future endeavours.

Mr Graham Pattison

Head of Senior School

Congratulations to the Class of 2024 for representing The Scots College on the sports field with great distinction in all Athletic Association of the Great Public Schools (AAGPS), where we enjoyed winning nine Premierships over the summer and winter seasons. This is, without a doubt, the best sports season in terms of performance outcomes! It would be remiss of me not to thank our excellent Captains of each Sport for their unwavering commitment and leadership. They were led outstandingly by our brilliant Sport Prefect, William Johnson, who is the embodiment of a multi-talented student athlete. Nelson Mandela believed that sport has the power to inspire, unite and change the world. Farewell and good luck to our 2024 graduates. You will always be Scots boys and that means you are always welcome on the sidelines here at Bellevue Hill.

Mr Brian Smith

Director of Sport (10-12)

The Quest for Excellence

In 2024, the pursuit of excellence continued to underscore the power of teamwork in leadership. Fostering a culture that values academics and leverages the collective strengths of a cohort remains essential as we aim for every boy to reach his full academic potential. Over the past year, teachers have dedicated themselves to creating engaging lessons that inspired boys to broaden their horizons and embrace challenges beyond their comfort zones. Tailored academic workshops were thoughtfully designed to enhance exam strategies and deepen subject understanding, ensuring students were well-prepared for assessments.

Simultaneously, vital skills such as commitment, perseverance and time management, essential for success in and out of the classroom, were nurtured and expanded through outstanding Sport and Co-Curricular programs. The Scots College experience exemplifies a harmonious blend of academic excellence, athletic endeavours and Co-Curricular opportunities, fostering the holistic development of well-rounded young men.

Ms Tania Lloyd
Head of Academic Administration

Teaching Excellence

The Scots College has a proud history of fostering educational excellence within a distinctly Christian framework, driven by the conviction of our founders that an outstanding education should have as its means and aspiration “higher learning for the common weal.” These were the words of Right Reverend James Smith White in 1893, at the prospect of establishing a Presbyterian school and the desire for our students and staff to be leading thinkers and contributors to the world around them.

As in previous years, in 2024, there are a number of staff who have been nominated or won professional awards, with Head of ScotsX, Dr Hugh Chilton, receiving the Leadership Award at the Australian Council for Educational Leaders for making a significant contribution to the understanding and practices of the teaching profession. In addition, Kindergarten Coordinator, Miss Felicity Johnston, received the Australian Council for Educational Leaders Tertiary Award, having studied for her masters at Monash University. She was also recognised as the top graduating student in her cohort and received the Dean’s Award for Academic Excellence. Similarly, Learning Enrichment Teacher, Miss Holly Davison, was awarded ‘best dissertation’ in her Masters of Education in Special Educational Needs and Disabilities. Lastly, a number of the College’s staff were invited to speak or consult with national and international bodies. The College’s Director of Student Care, Dr Loretta Giorcelli OAM, spent time lecturing at Harvard University and San Francisco State University and our Director of Research and Learning Innovation, Dr Rob Loe, was invited to join an advisory board of the BBC Children in Need charity with a focus on the importance of positive relationships in children and young people’s lives.

5 staff attained Experienced Teacher status with the Association of Independent Schools of New South Wales.

3 staff undertaking PhD Research.

50+ keynotes, presentations or workshop facilitation for internal audiences and global education and academic gatherings.

“ The Scots College has a proud history of fostering educational excellence within a distinctly Christian framework, driven by ... our founders.
